[Lista instytucji uprawnionych do programu](#)

[Prezentacja MyPublication](#)

Program umożliwia autorom afiliowanym w polskich instytucjach akademickich publikowanie artykułów otwartych w czasopiśmie hybrydowym Springer. Czasopisma hybrydowe to takie, które mogą zawierać zarówno artykuły otwarte, jak i tradycyjne dostępne w ramach płatnej subskrypcji czasopism. Koszty publikacji artykułów w ramach programu są pokrywane z opłaty za licencję krajową Springer ze środków pochodzących z MNISW. W latach 2010-2018 program (pod nazwą Springer Open Choice) był finansowany jako dodatek do krajowej licencji akademickiej na dostęp do czasopism Springer. Od roku 2019 w Polsce działa nowa licencja krajowa Springer w tzw. wersji Compact, która od 2016 roku jest stopniowo wprowadzana w coraz większej liczbie krajów. W licencji Compact większa część opłaty licencyjnej finansowanej przez MNISW jest przeznaczona na publikowanie otwarte, a mniejsza część stanowi opłatę za dostęp krajowy do artykułów subskrypcyjnych. Nowe rozwiązanie opiera się na założeniu, że udział artykułów otwartych w

Make Your Choice

In order to facilitate the production and publication of your article we need further information from you relating to:

-  Please indicate if you would like to publish your article as open access with our Open Choice option. If so, your article will become freely available online for anyone worldwide and you will be able to easily comply with open access mandates.
-  Please transfer the copyright, if you do not publish your articles as open access.
-  Please note: We have some agreements with institutions which cover the article processing charge for Open Choice articles of their affiliated corresponding authors. Please read the specific information when you indicate your affiliation.
-  Please indicate if you would like to have your figures printed in color.
-  Please indicate if you would like to order offprints.

Answering the questions on the next few pages will take approximately 10 minutes of your time.

Please note: Be sure to complete the entire process until you get to the confirmation page. The subsequent production of your article depends on the finalization of the MyPublication process.

Please see our FAQ page if you have questions or problems completing the forms.

Open Access License Form

CC BY: This licence allows readers to copy, distribute and transmit the Article as long as it is attributed back to the author. Readers are permitted to alter, transform or build upon the Article, and to use the Article for commercial purposes. Please read the full licence for further details at - <http://creativecommons.org/licenses/by/4.0/>

- 1. Publication**

Springer Nature (the 'Licensee') will consider publishing this article (including any supplementary information and graphic elements therein (e.g. illustrations, charts, moving images) (the 'Article'), including granting readers rights to use the Article on an open access basis under the terms of the selected Creative Commons licence. Headings are for convenience only.
- 2. Grant of Rights**

Subject to editorial acceptance of the Article, it will be published under the Creative Commons licence as set out above. In consideration of the Licensee evaluating the Article for publication, the Author(s) grant the Licensee a non-exclusive, irrevocable and sub-licensable right, unlimited in time and territory, to copy-edit, reproduce, publish, distribute, transmit, make available and store the Article, including abstracts thereof, in all forms of media of expression now known or developed in the future, including pre- and reprints, translations, photographic reproductions and extensions. Furthermore, to enable additional publishing services, such as promotion of the Article, the Author(s) grant the Licensee the right to use the Article (including any graphic elements on a stand-alone basis) in whole or in part in electronic form, such as for display in databases or data networks (e.g. the Internet), or for print or download to stationary or portable devices. This includes interactive and multimedia use as well as posting the Article in full or in part on social media, and the right to alter the Article to the extent necessary for such use. Author(s) grant to Licensee the right to re-license Article metadata without restriction, including but not limited to author, name title, abstract, citation, references, keywords and any additional information as determined by Licensee.
- 3. Self-Archiving**

Author(s) are permitted to self-archive a pre-print and an author's accepted manuscript version of their Article.

 - a pre-print is the author's version of the Article before peer-review has taken place ("Pre-Print"). Prior to acceptance for publication, Author(s) retain the right to make a Pre-Print of their Article available on any of the following: their own personal, self- maintained website; a legally compliant, non-commercial pre-print server such as but not limited to arXiv and bioRxiv. Once the Article has been published, the Author(s) should update the acknowledgement and provide a link to the definitive version on the publisher's website: "This is a pre-print of an article published in [insert journal title]. The final authenticated version is available online at: [https://doi.org/\[insert DOI\]](https://doi.org/[insert DOI])".

W ramach licencji krajowej Elsevier 2019-2021 od 2 września 2019 działa program pilotażowy publikowania otwartego dla polskich autorów korespondencyjnych. Program ma dwie części: A i B. **Program A** obejmuje publikację określonej liczby artykułów otwartych, które zostaną w całości sfinansowane z krajowej opłaty licencyjnej: 500 artykułów w roku 2019, 1000 artykułów w roku 2020 i 1500 artykułów w roku 2021. **Program B** obejmuje publikację dowolnej liczby dalszych artykułów otwartych za opłatą ponoszoną przez instytucję, w której afiliowany jest autor, z wykorzystaniem zniżki w stosunku do cennika standardowego. Zniżka ta wynosi 30% w roku 2019, 20% w roku 2020 i 10% w roku 2021.

License of Publishing Rights

I hereby grant to Elsevier Ltd an exclusive publishing and distribution license in the manuscript identified above and any tables, illustrations or other material submitted for publication as part of the manuscript (the "Article") in print, electronic and all other media (whether now known or later developed), in any form, in all languages, throughout the world, for the full term of copyright, and the right to license others to do the same, effective when the Article is accepted for publication. This license includes the right to enforce the rights granted hereunder against third parties.

Supplemental Materials

"Supplemental Materials" shall mean materials published as a supplemental part of the Article, including but not limited to graphical, illustrative, video and audio material.

With respect to any Supplemental Materials that I submit, Elsevier Ltd shall have a perpetual worldwide non-exclusive right and license to publish, extract, reformat, adapt, build upon, index, redistribute, link to and otherwise use all or any part of the Supplemental Materials, in all forms and media (whether now known or later developed) and permit others to do so. The publisher shall apply the same end user license to the Supplemental Materials as to the Article where it publishes the Supplemental Materials with the Article in the journal on its online platforms on an Open Access basis.

Research Data

"Research Data" shall mean the result of observations or experimentation that validate research findings and that are published separate to the Article, which can include but are not limited to raw data, processed data, software, algorithms, protocols, and methods.

With respect to any Research Data that I wish to make accessible on a site or through a service of Elsevier Ltd, Elsevier Ltd shall have a perpetual worldwide, non-exclusive right and license to publish, extract, reformat, adapt, build upon, index, redistribute, link to and otherwise use all or any part of the Research Data in all forms and media (whether now known or later developed), and to permit others to do so. Where I have selected a specific end user license under which the Research Data is to be made available on a site or through a service, the publisher shall apply that end user license to the Research Data on that site or service.
